

Dear Parent(s)/Guardian(s),

The following email contains information regarding our 1:1 iPad Programme for **Transition Year 2026-2027**.

Please find attached the Resource and Booklist for Transition Year 2026-2027. Few eBooks are used in TY, but other items are required.

As previously indicated, the Support and Services charge to Wriggle for Senior Cycle (4th, 5th and 6th Year) is now built-in to the additional fees for Transition Year. So, for the vast majority of TY students continuing to use the same iPad, there is no need to visit the Wriggle Online Store.

But, if your daughter is a) new to the school, or b) needs to purchase a new iPad, you must visit the Wriggle online store to purchase a new iPad (or avail of the BYO iPad option).

- To access the 4th Year online store (for new students or those purchasing a new iPad), please visit: <https://store.wriggle.ie/OnlineStoreLogin>

- Input our Store Login code 56147170, and then select the 4th Year store.

After ordering, please also contact Wriggle by phone to flag this with them (as either an order for an existing student ordering a new iPad, or for a new student). Wriggle — Tel: 01-5009060

### **Keyboard for iPads in Senior Cycle - 4th, 5th, & 6th Year**

All Senior Cycle students must purchase a keyboard or keyboard case for use with their iPad in 4th, 5th, and 6th Year. iPads are used extensively in Transition Year as part of classwork, assignments, and project work. In 5th Year and 6th Year, the Additional Assessments Components (AACs) are worth at least 40% of all revised Senior Cycle subjects. These are all digital and will be completed on iPad, using a template document provided by the State Exams Commission. External keyboards and/or keyboard cases can be purchased online and/or from large electronic stores. Please see the attached list for some examples, but this is not a prescriptive or exhaustive list.

Please ensure that your daughter has a fully working iPad configured for school use, and that any screen breaks are repaired over the summer. Additionally, please remind them to have a suitable protective case and iPad charger.

If you have any queries about purchasing on the Wriggle store or our 1:1 iPad Programme please contact **[david.cullen@loretoabbeydalkey.ie](mailto:david.cullen@loretoabbeydalkey.ie)**

Kind regards,

David Cullen
